WHY A MURDER MYSTERY?

Mysteries are more popular than ever, creating an immersive experience for your guests to enjoy and keep coming back to. As well as revenue from ticket prices, venues can benefit from extra spend on drinks, food & accommodation. Mysteries can be performed around a meal or as standalone events.

IS A THEME IMPORTANT?

All of our themes are fun and enjoyable. Some themes suit venues or times of year better, but the benefit of having a large selection of themes to choose from is that you can run multiple events throughout the year that the same audience can come back to and see something new each time.
